

Year 2 Home-Learning

Please complete one home learning task every week. We hope that the suggested tasks will inspire some quality home learning. However if you or your child think of other ideas, then please feel free to complete them. Home learning will be collected every Friday morning.

Describe materials that can be found in and around your house using scientific vocabulary.

Compare the lives of people who live in castles. Which life would you prefer? Explain.

Choose ten kind words or phrases. Use them and describe how it felt to cheer someone up or make them happy.

Create a gargoyle out of plasticine.

Investigate different spelling games. Which do you prefer and why?

Investigate different materials. Which one would make the best umbrella? How would you test it?

Create brochure to describe your dream castle. Could you persuade someone to buy it?

Imagine you are in a castle at night. Use your senses to create a piece of descriptive writing.

Design a medieval costume.

Locate different castles in the United Kingdom. Which cities are they close to? Can you list them?

Make a poster for the 2, 3, 5 and 10.

Create your own home learning task.
