Sports 'Wow Days'

Dear Parents/Carers

At Stanford school, we have been able to benefit this half-term from an exciting opportunity, working with specialist PE staff from Premier Sport.

Each class within the school will experience a special 'Wow Day', where the children will be led by a member of Premier Sport staff and experience a whole day of sporting activities. Across the day, the children will learn a range of sports skills that will also promote team work and positive mental health.

These days will be taking place each Thursday across this half term. As we are still adhering to careful health and safety measures, not mixing class bubbles where possible, only one class per week will be participating. We will begin with the Year 5 class on Thursday 22nd April, with other classes following in later weeks, please see dates below. Texts will be sent out each week to remind classes that they will be participating that particular week.

Thursday 22nd April – Year 5 Star Anise Class

Thursday 29th April - Year 3 Juniper Class

Thursday 6th May - Year 6 Barley Class

Thursday 13th May - Year 4 Poppy Class

Thursday 20th May - Year 2 Pumpkin Class

Thursday 27th May - Foundation Stage/ Year 1 Seedlings and Sunflower Class

At this stage, these 'Wow Days' will be replacing our annual sports day. We felt that this would be a very positive experience for the children as they will receive an entire day of sport, as opposed to just a morning. We are very keen to engage the entire school community in our sports days so lots of photographs and videos will be taken during the day which we will be able to share with parents and carers. Should circumstances change next term, we will keep you updated with any future sporting plans.

All pupils will need their PE kit, indoor and outdoor and also a drink. With the weather moving towards summer, a sun hat and sun cream may be needed.

Thank you for your support and understanding and we are sure the pupils will enjoy this fantastic event.

Mr Middleton
PE Lead
