

Wednesday 15<sup>th</sup> November

Pupil voice

This week we have been discussing the books we like to read and whether there is anything else we could do to make the pupils enjoy their reading more.

Here are some of the books we enjoy reading

- Fact books (animal)
- Diary of a wimpy kid
- David Walliam books
- This also includes reading newspapers

We all enjoy the activity pages in the reading logs

We also enjoy the school reading books as they have improved a lot through the years

A lot of us like reading to our family, though it is nice to read to ourselves .

The older children like the pages where they write down a word they don't know, they can look up what it means later.

Parents like the diaries but they don't always write a comment, they just sign it.

The diaries don't make us read more at home.
