

The Planning Inspectorate

Room 101

26 Hut avenue

Shedville

SH30 4ut

Thursday 14th May 2020

Dear The council,

I am writing to tell you about how it's **extremely** wrong to demolish the junkyard. Here are some of the reasons why I think this :

Firstly, I know it's a hazard for people walking past but people live here. Taking poor people's homes, so rich people can take over with their **fancy** big houses. Honestly its shocking ! Do you know how this feels?

Secondly , **in** the junk yard is where I find my most valuable possessions. All sorts of collectables are there, (from tins to umbrellas, from cars to tents). If this got demolished, what would you do with all the things ? dump them in some old , smelly, dirty bin.? Wouldn't you prefer them to be recycled?

Finally , I know it has all animals in this area **but** it's also people's home, people live here ! But If you remove it you **also** won't just make people go homeless it could harm innocent animals ! How would you feel if this happened to you ?

I hope you understand my concern **and** do something about this **quickly** . If the junkyard closed people would be in depths of despair, why would you want to be responsible for this ?

Your sincerely ,

Amelia shaw
