

Good luck to all our Year 6 pupils in Barley Class as they transition and move on to their new Secondary Schools. We will miss you and your valued contributions in school. Good luck for the future- You are all super stars!

We know that the Y6 end has been significantly different this year; however we still wanted to do something special for them to remind them of their time at Stanford. A special box of memories and gifts was created and hand delivered by Mrs Smith and Mrs Marsden on Friday afternoon. It was wonderful to see all their smiling faces and be able to say goodbye! Thank you for your kind words and the amazing response we have had!

**Some of the amazing responses we have had:**

*"Some lovely personal touches, I have been reading the year book so many loved the Butlins trip & lots of memories, such a lovely thing to do for such a strange end to their time at Stanford, thank you!"*

*"Best surprises are those that are completely unexpected, and this today unveiled something lovely to mark my time spent at Stanford School. I am thankful to everyone who has spent time and dedication putting these boxes together for us all during this time of Covid-19, love and best wishes to you all, I will miss you!"*

*"What a truly wonderful and thoughtful gift!"*

*"The unexpected visit from Mrs Marsden and Mrs Smith was wonderful! It's obvious that a lot of thought has gone into each and every box which they delivered. She loved seeing you both that day and it has made her feel spoilt and important, even though she's not been at school! So thank you once again for making such an effort and for making them feel fantastic in this strange time!"*
