4th January 2017

Dear Parents,

As you know, Stanford Junior and Infant School currently offers a 'Healthy Breakfast' club each morning, along with a range of exciting after-school clubs too.

In order to build on this success, we are currently taking steps to increase provision further. We appreciate and understand the importance of having quality before and after-school provision available for pupils to access. Therefore we aim to ensure, from 27th February 2017, there is provision from 7.45-8.50am each morning and from 3.15-5.30pm each afternoon during term time. We are also making plans to ensure that school holiday child care is in place at Stanford too.

I will of course keep you informed of further and more specific details shortly.

Yours sincerely,

Leona Hackfath
Head Teacher
