Dear Parent / Carer

Star Anise – YR5

As part of our curriculum science topic we are learning about how the human body works. The school nurse has kindly offered to come in next Thursday the 14th June to do a talk regarding puberty and changes in the body for all pupils and information on periods for the girls.

If you **do not** want you child to take part in this discussion then can you please return this note to school.

Pupil Name:

I do not want my child to take part in the discussion.

Signed:

Date:
