We are delighted with the extended provision in place at Stanford Junior & Infant School. The caring team of staff enjoy working with the current pupils and are welcoming new members too!

Staffing

Mrs Hulme and Mrs Petyt lead the provision along with a group of friendly Teaching Assistants. The team enjoy organising fun activities for the pupils to take part in to develop their skills.

Healthy Breakfast Club

We continue to have a super team including the fab Breakfast Club Coordinators who provide a healthy and filling breakfast and fun activities such as hockey skills, skipping and Zumba!

Menu

We have worked with 'Fit for Food' to ensure a healthy nutritious breakfast follows the activity each morning.

Our winter menu consists of a choice of fruit salad, a selection of wholegrain cereals, beans on toast, fruit juices, toast with a choice of toppings and hot chocolate.

Activities

RSPB

Our club members have joined in with the RSPB Big Bird Watch in January and have made bird feeders to hang in the garden. The pupils enjoy spotting and naming birds.

Baking

The pupils have also been enjoying baking weekly and made delicious cakes. A Club member said that "baking is good fun and the food and cakes are delicious".

Sport

Pupils also enjoy daily sports activities including football, gym and dancing.

Art and Craft

Pupils have enjoyed designing a 'spring' display and welcoming bunting to represent the great learning activities going on in the provision.

Home learning

We also provide time for homework too if required, we can support your child and provide help and resources.
